Zone A

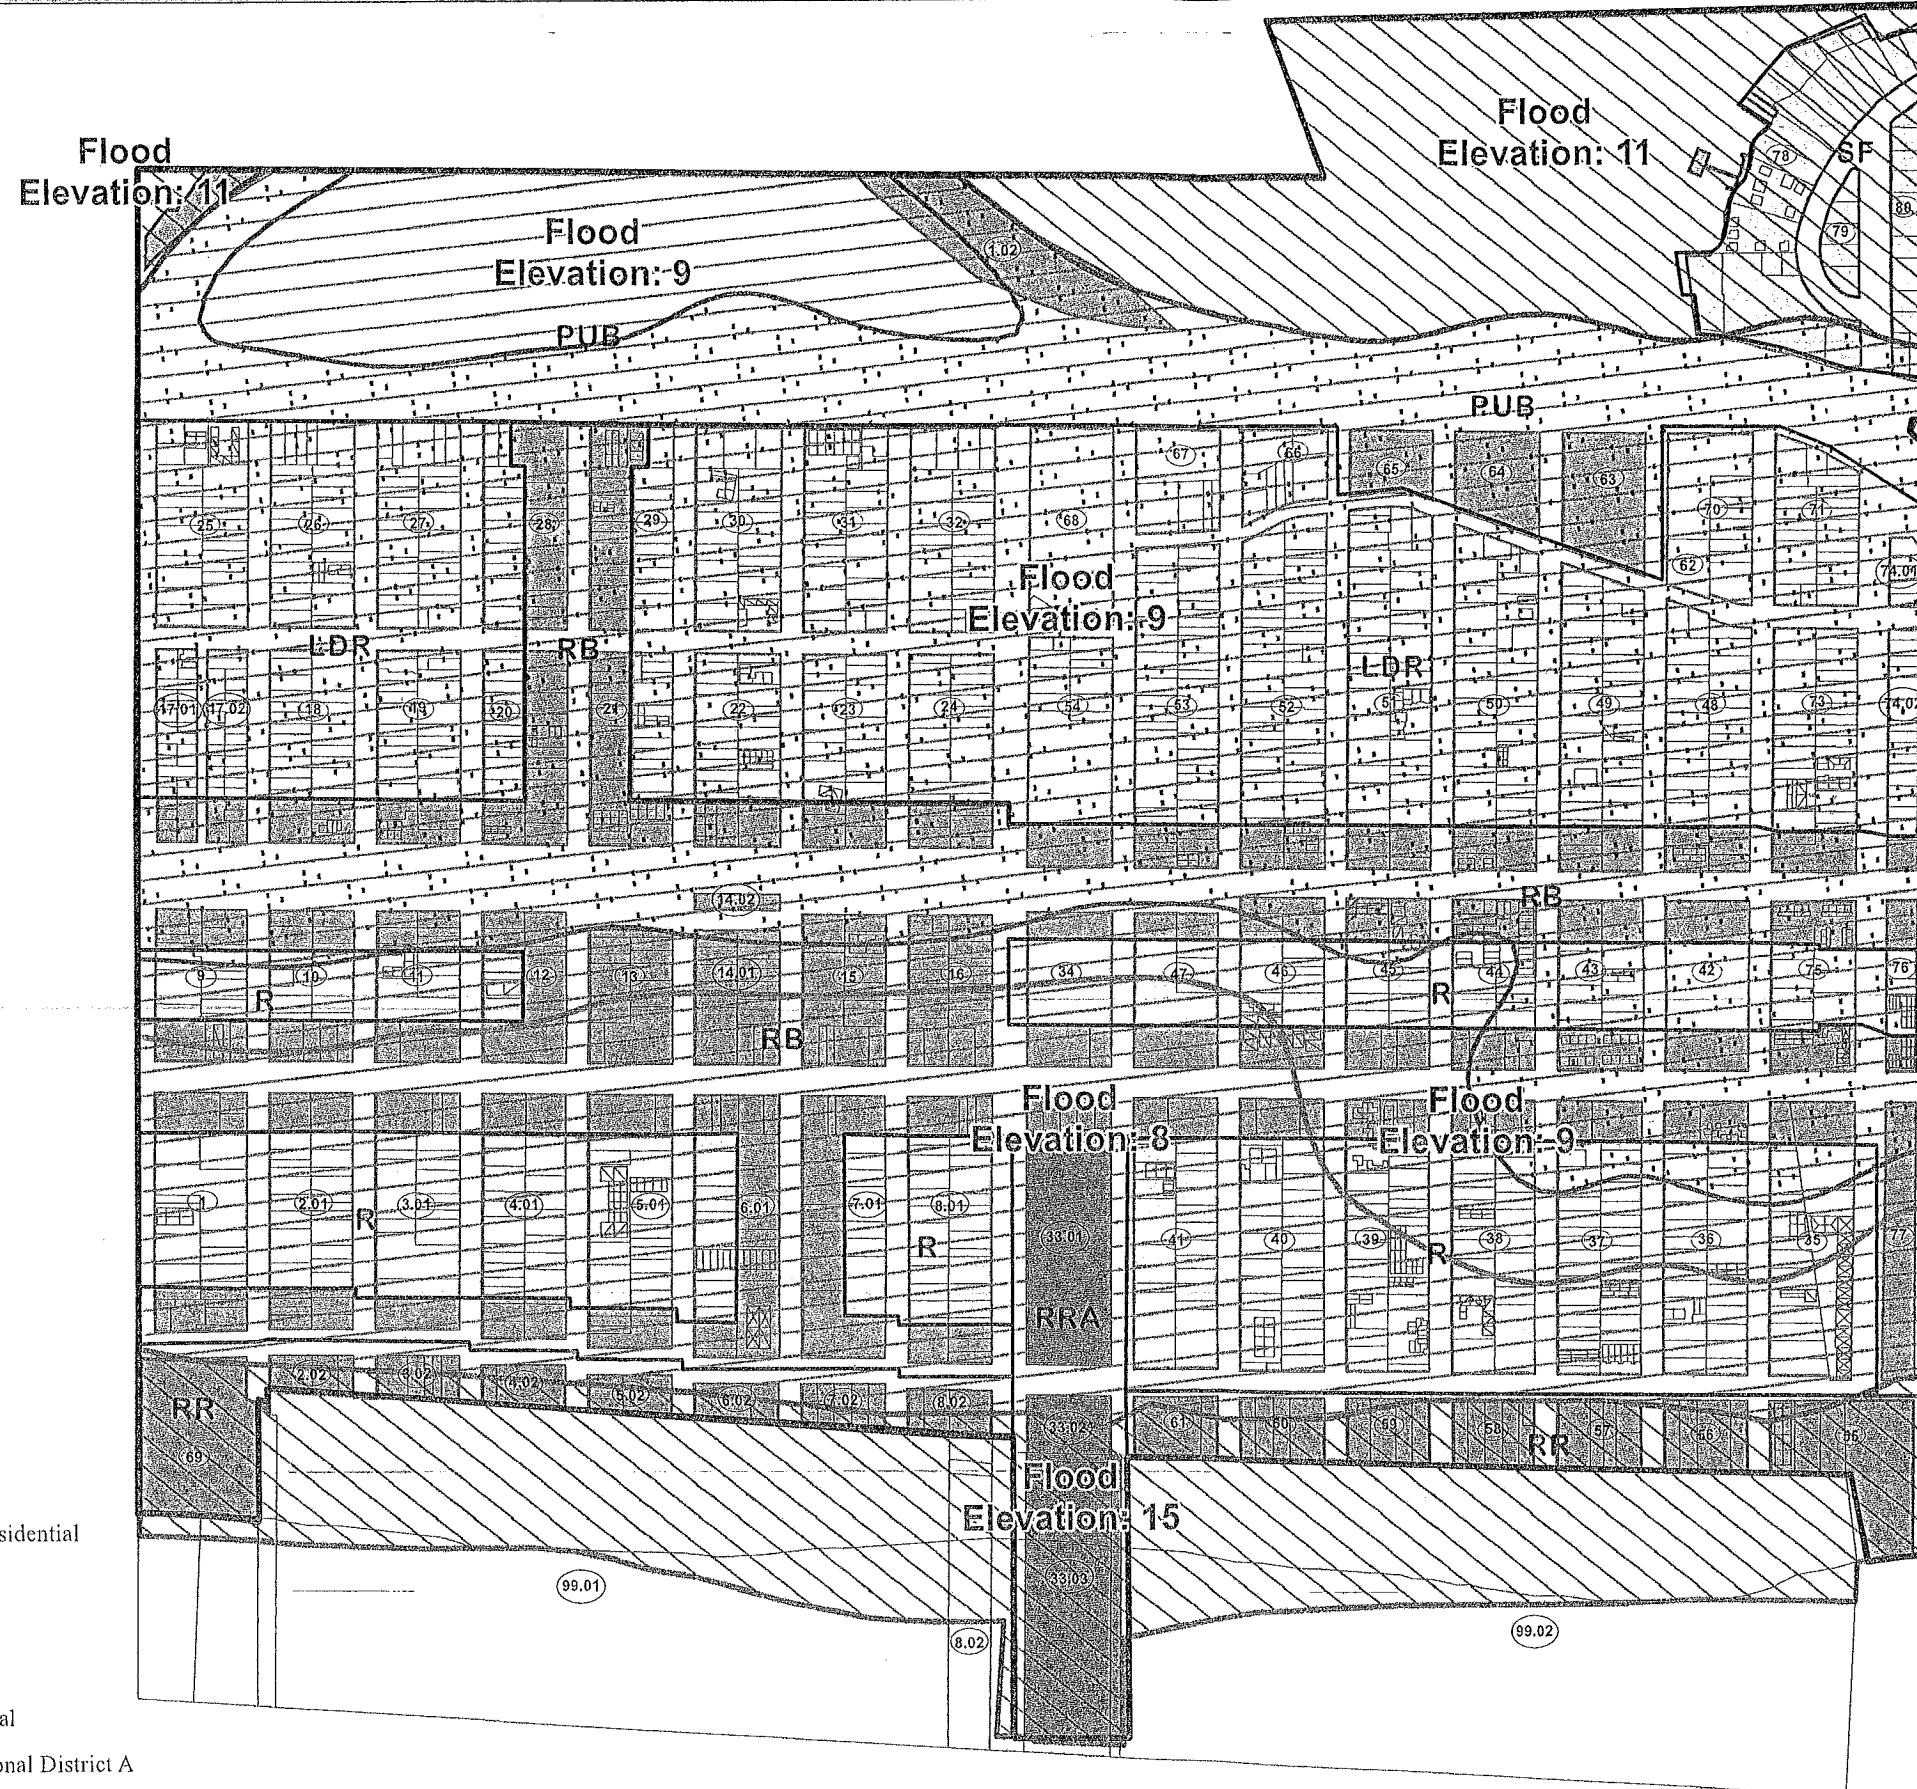

Coastal Zone A

Notes:

1. Representative lot lines are based on Seaside Heights Tax Maps last updated by Stuart Christie, L.S., on 06/12.
2. Zoning boundaries (base map) subject to formal adoption by the governing body.
3. Flood elevations provided are the 1-percent Advisory Base Flood Elevations (ABFE) plus one foot of freeboard added to coincide with Borough Ordinance 13-04 (adopted 2/6/13).
4. This map is for advisory purposes only. Flood area delineation lines are based on shapefile data electronically obtained from the Ocean County FTP website in February 2013 and were created in December 2012 (Seaside Park NW and Seaside Park SW panels).
5. A New Jersey licensed surveyor is required to officially determine the grades and elevations for any individual lot by the issuance of a Flood Elevation Certificate.
6. The elevation Datum noted on the FEMA ABFE panel maps is: North American Vertical Datum (NAVD 1988).
